CAREER OBJECTIVE

To further my abilities using current skills that fully utilises existing skills and Bachelor of Science qualification majoring in Information Systems (Infosys) through the University of Auckland. Ideally such a position will provide the opportunity to expand my knowledge base, particularly in the development of mobile apps, Web and End products and advance my career to the benefit of all parties.

In addition to well-rounded IT skills I would bring to such a position the ability to use logic to solve problems, creativity, dedication, loyalty, flexibility, effective team membership, ability to communicate across all cultures and ages.

DEMONSTRATED SKILL SET

- Extensive programming, utilising the following:
 - Core Programming experience in Java, C#, SQL, TSQL, HTML, LESS, Python, MVC, ASP .NET, XAML, CSS, Javascript, C# Xamarin Android,
 - Key skills using Git and SVN repository tools
 - Web Services – JSON, HTTP Protocols, XML, RSS and Vcard
 - Skills and Usage of: Adobe Photoshop CS5, Dreamweaver, Illustrator, Autodesk AutoCAD, Google Sketchup,
 - Visual Studio, Expression Blend, Visio, Windows Phone app developer, TFS(Team Foundation Server), WCF, WPF, MVC, SQL Server 2008,
 - Native Android and Xamarin, Windows store and mobile development
 - Microsoft Office key skills: Word, Excel, Powerpoint
 - Very key skills in Visual Studio utilising key languages provided
 - Development of databases and networking, Business Intelligence: Datamining, Datawarehousing, SQL queries.
- Documenting system configurations – ERD, Activity Diagrams, UML, Use Case Models.
- Troubleshooting capabilities of computer hardware, printers, software installation. I have built and troubleshot my own devices.
- Ability to communicate (both oral and written) and interact across all levels – customers, management, ages & cultures – overcoming language barriers
- An effective team member/leader, with an affinity to building up a team-orientated approach - listening skills being an integral factor – in situations such as group projects and lab assignments, helping to provide effective and efficient solutions
- Commitment to enhancing personal / professional skill level in a dynamic industry
